

EASTERSEALS WORK CENTERS SAFETY MEASURES

Personal Protective Equipment

Will be required at both Work Centers: Face coverings & gloves.

PPE must be utilized during transportation prior to coming on site

Remote Vocational Training

For onsite safety preparation personal protective equipment (PPE) and hygiene practices will be available to all participants prior to returning to work. Remote services will remain available until full capacity is allotted on site.

Sanitation Procedures

During all breaks and transitions from the work floor sanitation procedures will be required.

Phasing In Process

All participants will be able to work on site based on social distancing guidelines. Depending on the capacity level, a rotating schedule may need to be implemented. All information will be provided to each participant based on the capacity changes over time.

Social Distancing

6 foot spacing and partitions will be available on site with signage for visual cues.

Reduced Capacity

To maintain social distancing guidelines, social distancing methods will be put in place at the Work Centers.

Transportation

Natural supports (guardians/ providers/ public transport) may be necessary while transportation agencies prepare for social distancing guidelines.

Screening

Temperature screening will be taking place upon arrival to the Work Center.

Guidelines will be available to all participants/guardians/providers.

VOCATIONAL MAINTENANCE: WORK CENTER SKILLS TRAINING OPPORTUNITIES

Individual Employment Development Plans

Annual Plans/Modifications will be completed within the appropriate months to remain in compliance.

511 Career Counseling Documents

Need to be completed prior to returning to work.

Goal and Objective Training

Contacts will be made by team members either by phone, email, or other platforms to engage all participants in an active vocational training experience.

Career Exploration

All participants interested in community employment will be provided with an in-depth training process of the employment sector of the participants choosing.

Semi-Annuals

Will be completed 6 months into a IEDP to ensure progression and appropriate supports are being provided.
